# Baker County Weed District - Noxious Weed List 2020-2021

## "A" Designated Weeds –

**Mandatory Control County-wide and eligible for 50% Cost-Share Herbicide Refund.** A weed of known economic importance which occurs in the state/county in small enough infestations to make eradication or containment possible; or is not known to occur, but its presence in neighboring counties make future occurring in Baker County eminent.

Recommended action: Infestations are subject to eradication or intensive control when and where found.

Buffalobur (T)\*\* *Solanum rostratum*

Common crupina (T)\*\* *Crupina vulgaris*

Hoary cress (Whitetop)\*\* *Lepidium draba*

Hoary cress (Whitetop) is listed as an "A" weed in designated areas of the County. Pine Valley, Baker Valley, Ebell Creek, Sutton Creek, Bowen Valley, and Sumpter areas are Mandatory Control. Contact Baker County Weed Control for specific information at 541-523-0618.

+Horseweed (Mare's tail) (T)

# Baker County Weed District - Noxious Weed List 2020-2021

## "B" Designated Weeds

### Widespread and of Concern. Eligible for 50% Cost-Share Herbicide Refund.

A weed of economic importance which is regionally abundant, but which may have limited distribution in some areas.

Recommended action: Limited to control at the county or regional level as determined on a site specific, case-by-case basis. Where implementation of a fully integrated countywide management plan is not feasible, biological insect control (when available) shall be the primary control method.

+ Chicory	<i>Cichorium intybus</i>
+ Common mullein	<i>Verbascum thapsis</i>
+ Common Tansy (T)	<i>Tanacetum vulgare</i>
Dalmation Toadflax	<i>Linaria dalmatica</i>
Field bindweed**^ (Morningglory)	<i>Convolvulus arvensis</i>
+FullersTeasel (Common)	<i>Dipsacus fullonum</i>
Hoary cress (Whitetop)	<i>Lepidium draba</i>

NOTE!: Hoary cress is a "B" weed in all other areas of the County not listed in the above section. Contact Baker County Weed Control for specific information at 541-523-0618

Indigo bush	<i>Amorpha fruticosa</i>
Jointed goatgrass	<i>Aegilops cylindrical</i>
Medusahead wildrye	<i>Taeniatherum caput-medusae</i>
Myrtle spurge	<i>Euphorbia myrsinites</i>
Puncturevine^	<i>Tribulus terrestris</i>
Reed canary grass (Ribbongrass) (T)**	<i>Phalaris arundinacea var. Picta</i>
Russian thistle **	<i>Salsola iberica</i>
St. Johnswort^ (Klamathweed)	<i>Hypericum perforatum</i>
Sulfur cinquefoil	<i>Potentilla recta</i>
Thistle	
Bull	<i>Cirsium vulgare</i>
Canada	<i>Cirsium arvense</i>
Scotch	<i>Onopordum acanthium</i>
Tree of Heaven	<i>Ailanthus altissima</i>
Ventenata (African wiregrass)**	<i>Ventenata dubia</i>
